Company Profile:

THDC India Limited (THDCIL) is a premier power sector Public Sector Enterprise (PSE) and a consistently profit-making company. It was incorporated as a Public Limited Company in July 1988 under the Companies Act, 1956, with the primary mandate of developing, operating, and maintaining the 2400 MW Tehri Hydro Power Complex. Recognizing its operational excellence and strategic importance, the Government of India conferred "Mini Ratna – Category I" status on THDCIL in October 2009, followed by an upgrade to a Schedule 'A' PSU in July 2010.

Originally, the equity of the Company was held in the ratio of 75:25 between the Government of India and the Government of Uttar Pradesh (GoUP). Pursuant to a strategic disinvestment, a Share Purchase Agreement was signed on 25th March 2020 between NTPC Limited and the President of India for the acquisition of the Government of India's stake. As a result, THDCIL became a subsidiary of NTPC Limited, with the equity now held by NTPC Limited and GoUP in the ratio of 74.496% and 25.504%, respectively.

The Company's authorised share capital stands at ₹4,000 crore, with a paid-up capital of ₹3,665.88 crore. THDCIL began earning profits from the very first year (2006–07) of commercial operations of its flagship Tehri Hydro Power Plant (1000 MW), and it has since maintained a consistent track record of profitability.

Over the years, THDCIL has evolved into a multi-project, multi-state organization. The Company has also diversified into renewable energy and thermal power generation.
